The **NCCER CORE certification** is part of the training required for many company apprenticeship programs throughout the region. It can help you get a foot-in-the-door to a helper or apprentice position.

Topics include: **Construction Math, Safety, Measurement, Power Tools, Hand Tools, and Material Handling.**

*Local companies offer apprenticeships that require NCCER CORE.*

*Take these steps to start a new career:*

- ✓ **STEP 1:** REGISTER at [ccwatraining.org/YoungAdultNCCER](http://ccwatraining.org/YoungAdultNCCER).
- ✓ **STEP 2:** A Training Specialist will contact you to schedule a testing date.
- ✓ **STEP 3:** You will be contacted for an interview.
- ✓ **STEP 4:** Class begins **Monday, April 15** and you are on your way to a new career.

**With NCCER CORE training completed, you can consider these upcoming programs to add to your career opportunities:**

- **Electrician Level 1 begins July 30, 2019**
- **HVAC Level 1 class begins August 1, 2019**

*\*For registration in only the HVAC Level 1 or Electrician Level 1 course, previous NCCER CORE certification is required.*

**This program is funded with resources from the federal Workforce Investment and Opportunities Act.**
